

Dear Friend,

Thank you so much for your donation.

Every day, more than 800 men and women come to St. Francis House for comfort, care and counseling. For many, the needs are basic: they seek safety, a nutritious meal, a shower, and a change of clothes. Others seek access to medical and mental health care. Once stabilized, our guests begin to utilize our rehabilitative services such as job training and housing resources ultimately leading to healthy independent of shelters.

St. Francis House is blessed to receive about \$1 million worth of in-kind goods and volunteer services each year. We simply could not help as many individuals as we do without the support of our donors and volunteers. When you contribute pro bono services and items such as casual and professional clothing, non-perishable foods, and housewares, we are able to put the savings back into life-changing services for the poor and homeless.

Your generosity means so much to those who have so little.
