

Dear Friend,

Thank you so much for your donation.

Every day, up to 600 men and women come to St. Francis House for comfort, care, and counseling. For many, the needs are basic: they seek safety, a nutritious meal, a shower, and a change of clothes. Other seek access to medical and mental health care. Once stabilized, our guests begin to utilize our rehabilitative services such as job training and housing resources, which lead to healthy lives independent of shelters.

St. Francis House is blessed to receive about \$1 million worth of in-kind goods and volunteer services each year. We simply could not help as many individuals as we do without the support of our donors and volunteers. When you contribute pro bono services and casual and professional clothing, we are able to put the savings back into life-changing services for the poor and homeless.

Your generosity means so much to those who have so little.

Karen LaFrazia
Executive Director

St. Francis House does not valueate the property it receives from the donor. I.R.S code places the responsibility for estimating the "fair market value" upon the donor. Please note for tax purposes that no tangible benefits were exchanged for this donation.

The St. Francis House non-profit tax identification number is 22-2519129
